

May 11, 2020

Dear client,

We are very pleased to send you the recording that one of my partners, Grace Lau, CFA[®], from our Arizona office, had with her clients last Friday. Grace's son-in-law, Dr. Edwin Yu, M.D., is the Medical Director of the Infectious Disease Division at Banner University Medical Center in Phoenix. Dr. Yu is an accomplished medical doctor and he gave a realistic down to earth and factual presentation. I encourage you to spend one hour to listen to what Dr. Yu has to say. This is one of the many positives that we have had since merging with BFGS.

Please click on this [LINK](#) for an audio replay of the Dr. Yu call.

One of our listeners to Coffee with Dr. Steve suggested that we include questions from the audience in our video series. I think that is a great idea. If you have a question or you would like for me to comment on any topic related to the economy or investments, please send it to katie@bfsg.com by Thursday noon PST.

Each week we will also include a fun fact about yourself or anything else you have in mind so if you have any please also send them in.

Again, thank you for your confidence in us during these trying times.

All the best,

Steven Yamshon
Managing Director
